

Paradise Town Council
August 21, 2019
7:30 p.m.

Council Members Present- Mayor Atwood, Vic Little, Martell Lowe, Shannon Rasmussen, Larry Johnson, Alyssa Petersen (Recorder)

Community Members Present- David Curtis, Mandi Felici

Minutes- The Minutes of August 1, 2019 were emailed to all the Council members previous to the meeting. There was one name that needed changed in the Minutes. Alyssa made that change. Shannon made a motion to approve the Minutes as amended, Larry seconded that motion; all in favor.

Bills- Martell read the bills. Martell made a motion to approve the bills as amended with the voided check; Vic seconded that motion, all in favor.

Public Comment- Mandi Felici wanted to propose an event called “Food Truck Friday” where she would organize a food truck to come to Town and park one day a month. She would like to try to get a food truck here September 6 and see how it goes. She would like to see the food truck here the first Friday of the summer months. The Mayor suggested that the Food Truck park at the Town Hall then people can sit at the pavilion and eat. The Council liked the idea and will support it.

Paradise Cemetery- Maintenance Shed Power- The Cemetery District has asked the Town to help get power to the maintenance shed at the Cemetery. David Curtis is working to get 3 bids from Electricians to run the power. David talked with Kirk Petersen, Ryan Richards, Ryan Ohlwhiler, and Devin Thomas to get a bid. He hasn’t heard back from any of them with an official bid yet. David wasn’t sure if they should put in a 200 amp service or 100 amp service. Mayor Atwood is thinking he’ll get the info from Rocky Mountain Power concerning what size service to put in by the next meeting. David also looked into a shut-off valve for the irrigation line at the cemetery. If the line is a 4” line it would be approximately \$700.00 for the valve and \$1400.00 for the coupler. If the line is a 6” line it will bump the price up. The Council felt the Cemetery district could move forward with the valve project with a not to exceed \$1700.00 for the project. Martell made a motion to approve the irrigation valve project not to exceed \$1700.00, Larry seconded that motion, all in favor.

Council Reports

- **Roads - Martell Lowe** – Martell had some concerns about the curve at 350 W. and 8600 S. people are cutting the corner there and it’s causing the gravel shoulder to spread all over the road. There will be a stop sign there soon and the Council is hoping that helps.
- **Water- Vic Little-** Mayor Atwood reported that the spring is flowing well and dumping water. Mayor Atwood reported that Coldwater ranch wants a hook-up

specifically for stock watering. The Council discussed the possibility and potential concerns of a hook up.

- **Community- Shannon Rasmussen-** There was discussion on Trout and Berry Days this coming Saturday August 24th. The Council is the acting chairman for the event this year. The Youth Council will be helping with the kid's games, movie in the park, softball game, will help with the dinner and will be in the Parade. The Council will help people line up for the Parade, and then will walk in the Parade and hand out ice cream sandwiches.
- **Fire/Grants/Budget- Larry Johnson-** Larry was not at the last meeting, but he read through the Minutes where the Council had asked about a motorcycle ride fundraiser that was supposed to take place, Larry reported that no money came in for the ride or dinner. Alyssa prepared the Fire Department financial report for the last month.

Fire Department- Purchase Request/Turn-outs- The Fire Department originally thought they needed 2 sets of turnouts, but they are requesting 3 sets of turnouts- one set for an outdated pair and then two new members that require new pairs. Larry presented the purchase request to the Council. The Council felt like they could commit to purchasing two new sets, and then purchasing one set at a later date. The Council would like to see a second bid along with the paperwork. The Council also doesn't know who a few of the new members are; no W4's or I9's have been submitted to the Office. The Council would like to see that paperwork come in, then by the next meeting the Council will look into the possibility of purchasing three sets of turnouts.

Unfinished Business- Larry had a question about what signs can go in the right-of-way. Shannon wondered what the status of bathroom partitions at the new restrooms are. Mayor Atwood reported that he thinks he can find partitions cheaper than the two bids that he received. Shannon would like to get the bleachers ordered. Bruce Smith agreed to do some landscaping and build a retaining wall.

New Business – Larry asked where we were with the noncompliant property that went to court. Vic and Mayor Atwood reported on the property. There is concern with the property owners using the culinary water to water their lawn, which is not allowed in Paradise. There was discussion on another non-compliant property that has run sprinklers out to the road.

Meeting Adjourns – Shannon made a motion to adjourn, Vic seconded that motion, all in favor. Meeting adjourns at 11:09 p.m.

Alyssa Petersen, Clerk

Lee Atwood, Mayor
